

UNIVERSE OF YOUR SOUL SOUL OF OUR UNIVERSE

& *Orixás*
& *Vovó Anamalia*

The Orixás are the fundamental energy formations within our universe as well as within your soul and throughout your human body.

This workshop deepens your connection with your soul and our universe while you become familiar with the vibrations of these energies through an ancient tradition of drum, song and the movement of dance.

Vovó Anamalia will facilitate the workshop. She is a beautiful and kind Cosmic Soul who was on earth long, long ago in Africa as a “Medicine Woman”. Today Vovó (Grandmother) lives within the folds of our universe, where the Orixás reside, and comes to earth through the Medium Andréé.
